

## Step Inside Rohan Woods School

Rohan Woods School is an independent school established in 1937, educating children ages 3 years through Grade Six. Located in Warson Woods, Missouri, Rohan Woods is conveniently and centrally situated within the St. Louis County corridor.

In a changing and competitive world, Rohan Woods instills modest confidence in every child, which we feel is one of the best gifts a school can give its students. Rohan Woods' Leadership Program cultivates even the 'reluctant leaders' who may not always enjoy the limelight, but are willing and able to lead when called upon. The results of a Rohan Woods education are evident in our extremely high matriculation rate: our graduates consistently are accepted to the secondary school of their first choice.

At Rohan Woods School, your child and your family will be truly known. Not just by every teacher in the school, but by the other families and their children. Rohan Woods feels like its own community. We are told that once you walk through our doors, you feel the difference that makes Rohan Woods School stand out among St. Louis independent schools.

To learn more, come experience Rohan Woods for yourself.

# I

can be a *leader*.

“Being a leader means there are no obstacles; only challenges to overcome.”  
-- Connor, RWS alumni

“Leadership means sometimes the right choice is a hard choice. I am strong because I know how to be me.”  
-- Julia, RWS 6th Grader

## Emerging Leader Scholarships

from  
**Rohan Woods School**

Offered for Fourth and Fifth Grade students,  
**because developing tomorrow's leaders  
begins today.**

## Leadership Starts At Our Front Door

At Rohan Woods, we are proud to say we are small by design and big on results. With one classroom per grade and a small, yet diverse, community of families, we can say with utmost confidence that your child will be truly known here. Our students excel because we encourage them to learn and grow not just by thinking but by doing. Positive peer pressure encourages each child to be his or her best, to make the choices and exhibit the behaviors of a leader.

Age-appropriate leadership skills can be seen every day at Rohan Woods. Beginning with our youngest students in the Pre-Kindergarten room and culminating with our Sixth Grade Leadership projects, Rohan Woods is a school where children learn about the world around them and the world within them. Our graduates are confident, life-long learners who know how to excel.

## The Emerging Leader Scholarship

The **Emerging Leader Scholarship** is the newest component of Rohan Woods School's national-ranking, award-winning Leadership Program. We created the **Emerging Leader Scholarship** specifically for children who demonstrate leadership qualities and who will enter the Fourth or Fifth Grade in the 2010-2011 school year. The **Emerging Leader Scholarship** helps children discover and develop their own unique leadership skills. This is an intentional leadership program designed to give our students an edge and the ability to lead when called upon. Our program teaches children that leadership is not intimidating but an empowering skill worth developing.

## The Emerging Leader Scholarship Guidelines

### A Rohan Woods Leader:

- ◆ Exhibits above average academic skills
- ◆ Possesses well-developed classroom skills
- ◆ Is honest and caring
- ◆ Participates in extra curricular/community activities

The **Emerging Leader Scholarship** covers half of the tuition at Rohan Woods for each year the scholarship recipient remains enrolled. At Rohan Woods, tuition includes before care, lunches, all textbooks and school supplies.

With the **Emerging Leader Scholarship**, you now have the capacity to provide your child with the diverse and enriching advantages that an independent education provides.

To learn more about the **Emerging Leader Scholarship** from Rohan Woods School and the application process, call Admissions Director Sam Templin-Page at 314.821.6270.
